Western U.P. – Ghaziabad

Haryana

Eastern U.P. – Agra

We are 1500 members strong and growing.

IPCA, Indian Paint & Coating Association is one of the young and dynamic associations, which represents both the organized and unorganized sector in the paint and coating industry. In 2004, in an attempt to improve communication and to coordinate industry policy on matters of national and international concern, the Indian Paint & Coating Association was formed.

Over the last several years common issues facing the paint and coating industries have increased significantly. While it is always a constant challenge for each individual to manage the myriad of domestic regulations, it has also become increasingly difficult to interpret the potential impact of foreign issues on our businesses. IPCA is endeavoring to help out the people across the Paint and Coating fraternity in making businesses better and more profitable. It is also its bounden goal to encourage brotherhood and cooperation amongst its members & the coating fraternity.

IPCA has been in the fore-front of organizing path-breaking events benefitting the paint and coating industry. Along with Technical Seminars, Regional Residential Conferences and Mega Biennials (at Agra (2005), Kathmandu (2007), Jaipur (2009), Bangkok (2011), Amritsar (2013), Goa (2015), Jaipur (2017)). IPCA has also organized technical workshops with Certificate courses in Coating Technology cooperating with Colour Society - Mumbai, IIT - Delhi, MSME, Government of India and IICT - Hyderabad. IPCA often acts as a bridge between the academia, manufacturers and corporates to impart knowledge through Training Sessions and problem solving. This kind of core technical input from an industry body has catapulted IPCA into a different league altogether.

The experience and wisdom of the wise and experienced needs to be shared and not hoarded. IPCA's goal of serving the members and facilitating disbursement of wisdom and knowledge in unison resulted in the creation of the series of seminars aptly named "**Knowledge Sharing Seminars**" (KSS). Our regional bodies regularly organize these KSS wherein topics are chosen on the basis of feedback we receive from the regional members or our perception of need of audience or for that matter, an important and relevant breakthrough in technology or new laws being enacted.

IPCA actively liaisons with the Government for favorable policies for its members and the Coating Industry. It is suitably represented on various committees like GST, MSME, BIS etc. It gives regular proposals during the Budget making exercises of the Central Govt. in New Delhi.
