**Indian Paint & Coating Association (IPCA)** is an amalgam of Paint, Ink and Powder coating manufacturers, Raw Material manufacturers and traders, Machinery manufacturers and Allied Industries. It has a pan-India presence with active Regions in Delhi-NCR, Haryana, Western U.P. - Ghaziabad, Eastern U.P. - Agra, M.P. and Chhattisgarh, Maharashtra, Gujarat, Telangana & Andhra Pradesh, Kerala & Central U.P. - Lucknow-Kanpur. It has strength of around 1500 members and growing.

IPCA, Indian Paint & Coating Association is one of the young and dynamic associations, which represents both the organized and unorganized sector in the paint and coating industry. In 2004, in an attempt to improve communication and to coordinate industry policy on matters of national and international concern, the Indian Paint and Coating Association was formed.

Over the last several years, common issues facing the paint and coating industries have increased significantly. While it is always a constant challenge for each individual association to manage the myriad of domestic regulations, it has become increasingly difficult to interpret the potential impact of foreign issues. Thus IPCA is endeavouring to help out the people across the Indian Paint and Coating Industry in making businesses better and more profitable.

It is also its bounden goal to encourage brotherhood amongst the coating fraternity.

IPCA has been in the fore-front of organizing path-breaking events benefitting the paint and coating industry. Along with Technical Seminars, Residential Conferences and the Mega Biennials (at Agra, Kathmandu, Jaipur, Bangkok, Amritsar, Goa and Jaipur), it has also done Certificate courses in Coating Technology with the likes of Colour Society, Mumbai, IIT, Delhi, MSME, Government of India and IICT, Hyderabad. IPCA often acts as a bridge between the academia, manufacturers and corporates to impart knowledge through Training Sessions and problem solving. This kind of core technical input from an industry body has catapulted IPCA into a different league altogether.

The experience and wisdom of the wise and experienced needs to be shared and not hoarded. IPCA's goal of serving the members and facilitating disbursement of wisdom and knowledge in unison resulted in the creation of the series of seminars aptly named Knowledge Sharing Seminars. We regularly organise these KSS in all our regions wherein topics are chosen on the basis of feedback we receive from the regional organisers or our perception of need of audience or for that matter, an important and relevant breakthrough technology.

IPCA actively liaisons with the Government for favorable policies for its members and the coating industry. It is suitably represented on various committees like GST. It gives regular proposals during the Budget making exercise of the Central Govt. in New Delhi.

IPCA is a firm believer in Corporate Social Responsibility and actively plays its part in promoting Green Coatings which build a healthy environment.
